

## **Singapore and Asian Schools Math Olympiad (SASMO)**

*Registration not yet open*

The Singapore and Asian Schools Math Olympiad (SASMO) is organized by the Singapore International Mastery Contests Centre (SIMCC), is one of Singapore's largest international mathematics competitions with over 30,000 contestants from 21 countries.

This is a good opportunity for the students to gain exposure to the rigor of the Math Olympiad and pit their skills against other participants. SASMO will award medals and certificates to the top 40% participants. Award recipients will also be invited to participate in the Singapore International Mathematics Olympiad Challenge (SIMOC) and the International Junior Mathematics Olympiad (IJMO) to be held later this year.

Further details to be provided when available.
