

USA Biology Olympiad (USABO)

Registration not yet open

The USA Biolympiad (USABO) is organized by the ASEEDR (Seed International). USABO enriches the life science education of nearly 11,000 talented students annually.

USABO concentrated on stimulating young scholars' intellectual curiosity and developing their critical thinking and laboratory skills and biological reasoning to propel them to careers of excellence and leadership in science and technology. It provides students with the motivation, curricular resources, and skills training to take them beyond their classroom experience to the level of international competitiveness.

Further details to be provided when available.
